(b) the security is genuine and has not been materially altered; and

(c) he knows no fact which might impair the validity of the security.

(3) Where a security is delivered by an intermediary known to be entrusted with delivery of the security on behalf of another or with collection of a draft or other claim against such delivery, the intermediary by such delivery warrants only his own good faith and authority even though he has purchased or made advances against the claim to be collected against the delivery. [A broker is not an intermediary within the meaning of this subsection].

(4) A pledgee or other holder for security who redelivers the security received, or after payment and on order of the debtor delivers that security to a third person makes only the warranties of an intermediary under subsection (3).

(5) A broker gives to his customer and to the issuer and a purchaser the warranties provided in this section and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker acting as an agent are in addition to applicable warranties given by and in favor of his customer.

Sec. 8-308. Indorsement, How Made; Special Indorsement; Indorser Not a Guarantor; Partial Assignment.

(1) An indorsement of a security in registered form is made when an appropriate person signs on it or on a separate document an assignment or transfer of the security or a power to assign or transfer it or when the signature of such person is written without more upon the back of the security.

(2) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies the person to whom the security is to be transferred, or who has power to transfer it. A holder may convert a blank indorsement into a special indorsement.

(3) 'An appropriate person' in subsection (1) means (a) the person specified by the security or by special indorsement to be entitled to the security; or

(b) where the person so specified is described as a fiduciary but is no longer serving in the described capacity,—*either that person* or his successor; or

(c) where the security or indorsement so specifies more than one person as fiduciaries and one or more are no longer serving in the described capacity,—the remaining fiduciary or fiduciaries, whether or not a successor has been appointed or qualified; or

(d) where the person so specified is an individual and is without capacity to act by virtue of death, incompetence, infancy or otherwise,—his executor, administrator, guardian or like fiduciary; or

(e) where the security or indorsement so specifies more than one person as tenants by the entirety or with right of survivorship and by reason of death all cannot sign,—the survivor or survivors; or

(f) a person having power to sign under applicable law or controlling instrument; or

(g) to the extent that any of the foregoing persons may act through an agent,—his authorized agent.

(4) Unless otherwise agreed the indorser by his indorsement assumes no obligation that the security will be honored by the issuer.

(5) An indorsement purporting to be only of part of a security representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(6) Whether the person signing is appropriate is determined as of the date of signing and an indorsement by such a person does not become unauthorized for the purposes of this Article by virtue of any subsequent changes of circumstances.

(7) Failure of a fiduciary to comply with a controlling instrument or with the law of the state having jurisdiction of the fiduciary relationship, including any law requiring the fiduciary to obtain court approval of the transfer, does not render his indorsement unauthorized for the purposes of this Article.

And the amendment was adopted.

system following such dedication by the administering agency or owner in a form approved by the Commission. The articles of dedication, and any amendments thereof, shall be submitted by the Department for recording with the Recorder of Deeds for the county or counties in which the area is located.

The articles of dedication may contain restrictions on development, sale, transfer, method of management, public access, and commercial or other use, and may contain such other provisions as may be necessary to further the purposes of this Act. They may define the respective jurisdictions of the owner or operating agency and the Department. They may provide procedures to be applied in case of violation of the dedication. They may recognize reversionary rights. They may vary in provisions from one preserve to another in accordance with differences in relative conditions.

The Department with the approval of the Governor and the Illinois Nature Preserves Commission, may enter into amendments to any articles of dedication upon its finding that such amendment will not permit an impairment, disturbance or development of the area inconsistent with the purposes of this Act. Areas designated as nature preserves within the system are hereby declared put to their highest, best and most important use for public benefit and they shall be held in trust and shall not be subject to alienation except to another public use upon a finding by the Department of imperative public necessity and with the approval of the Governor and the Illinois Nature Preserves Commission. Except when otherwise provided in the articles of dedication, the Department may grant a license or easement in, or dispose of, an area designated as a nature preserve, or grant any interest therein, only after its finding of imperative public necessity and with the approval of the Governor and the Illinois Nature Preserves Commission. Before the Department shall make a finding of imperative public necessity or grant any license or easement in, or shall dispose of, an area designated as a nature preserve within the system, or grant any interest therein, or shall enter into any amendments to articles of dedication, it shall provide reasonable notice of such proposal and reasonable opportunity for any person to be heard. Any amendments permitted or interests granted shall be subject to such terms and conditions and to the payment to the Department of such compensation as the Department may determine with the approval of the Governor and the Illinois Nature Preserves Commission.

Sec. 2c. All departments, agencies and instrumentalities of the State, including counties, municipalities, public corporations, authorities, districts, boards, commissions, universities, forest preserve districts and park districts are empowered, to the extent they are empowered to alienate real property by 'An Act in relation to the transfer of real estate owned by municipalities', approved July 2, 1925, as heretofore and hereafter amended, or otherwise empowered and are urged to dedicate as nature preserves within the system under the procedures outlined in this Act suitable areas or portions of areas within their jurisdictions.

Sec. 2d. Nothing contained in this Act shall be construed as interfering with the purposes stated in the establishment of or pertaining to any local park, forest preserve, wildlife refuge, or other area or the proper management and development thereof except that any agency administering any area designated as a nature preserve under the system shall be responsible for preserving the natural character of the area in accordance with the articles of dedication.

Designation of an area as a nature preserve within the system or allowance by the Department of an intrusion, easement or taking therein shall not void or replace any protected status under law which the area would have were it not so designated."

REPORT OF HOUSE COMMITTEE CREATED BY HOUSE RESOLUTION
No. 120 OF THE 73RD GENERAL ASSEMBLY

On May 22, 1963 House Resolution No. 120 was offered and adopted. The resolution provided, as follows:

“WHEREAS, The members of the House of Representatives are vitally concerned with the effective and economic spending of the tax dollar, the morale and efficiency of the People of the State; and

WHEREAS, From an examination of the facts, there appears to be overcharging and gouging in rentals for recipients of public aid in many areas of the State of Illinois; and

WHEREAS, Those overcharges have an unavoidably harmful effect not only on recipients of public aid but on all the People of the State of Illinois; and

WHEREAS, These overcharges have raised serious questions among members of the Seventy-third General Assembly as to how to secure adequate housing in the most economical manner for the State’s increasing number of public aid recipients; therefore, be it

Resolved, By the House of Representatives of the Seventy-third General Assembly of the State of Illinois, that a Committee be appointed to examine into the various rental charges of public aid recipients and to make any recommendations it deems necessary; that the Committee shall be made up of five members of the House of Representatives, no more than three of whom shall be members of the same political party; and that said Committee shall report its findings and recommendations to the House not later than June 15, 1963.”

Pursuant to this resolution the Speaker appointed the following members: Rae C. Heiple II, Anthony Scariano, Robert E. Mann, Harris Rowe and John N. Erlenborn.

The Committee met in Springfield on May 23rd and organized. Officers elected were:

John N. Erlenborn, Chairman
Robert E. Mann, Vice Chairman
Anthony Scariano, Secretary

Public hearings were held in Chicago on May 24 and May 31 at 318 West Adams Street in Room 1900. In the course of these hearings the Committee heard testimony from interested parties. More than twenty witnesses representing social service agencies, Cook County Public Aid Department, landlords and church groups appeared before the Committee.

In addition one public hearing was held in Springfield the evening of May 27 at which Harold Swank of the I.P.A.C.; William Scott, State Treasurer; and Harry Schneider of the Chicago Housing Authority, appeared.

Three members, Mann, Scariano and Erlenborn made a personal tour of certain slum areas of Chicago on Memorial Day, May 30. The tour included inspection of individual apartments of public aid recipients and interviews with tenants who were visited without any advance notice to them.

FINDINGS

The Committee finds that in many instances exorbitant rents are demanded of, and paid by, tenants in sub-standard housing. Further we find that the excessive rentals are not only in the bracket of rents exceeding \$90.00 per month but occur in the lower rental brackets as well.

The instances of overcharging in rentals are not limited to the city of Chicago, but the vast majority of such instances occur there.

The evidence further indicated that the excessive profit motive is one of the prime factors in the creation and continuance of slum housing. This is occasioned by the charging of high rentals and the failure or refusal to maintain or repair the housing, often to the extent of gross violation of the building codes.

A common practice in the Chicago area is for the title to such slum housing to be held in trust so that the real beneficial owner remains anonymous while he reaps the profit of his slum investment.

Another factor in rent overcharges is the lack of ability of many aid recipients to manage their funds or to negotiate for low rentals. Landlords complain of damage to their property, rental delinquencies and costs of eviction. Some landlords admitted to the committee that they charged a rental premium to public aid recipients because of those factors.

RECOMMENDATIONS

The committee has reached unanimous agreement on five recommendations and adopted one recommendation by a divided vote of 3 to 2. Two further recommendations were rejected by a like divided vote.

UNANIMOUSLY AGREED

1. The Committee believes that further study of the problem of rent overcharging, particularly of Public Aid recipients, is warranted. We recommend that some standing or interim committee or commission undertake this as part of their interim study. The Commission on Public Aid and Assistance or some similar group would be a logical vehicle for such study.

2. House Bill 1498, now pending in the House provides that disclosure be made of the names of the beneficiaries of a land trust when building code violations are alleged. The Committee recommends the adoption of this bill.

3. The Committee has prepared and will introduce a bill to provide for the posting of notices of building Code violations on the building alleged to be in violation. We recommend the adoption of this bill.

4. The Committee has prepared and will introduce a bill to require an affidavit by the seller in a real estate transaction, listing any uncorrected building code violations, or stating that there are none. We recommend the adoption of this bill.

5. We recommend that the Public Aid Commission, under existing authority of law, actively aid recipients in negotiating rents and approve rents, in advance, commensurate with the value of the premises. In addition the Commission should continue and expand its practice of withholding rents where major building code violations exist.

ADOPTED BY MAJORITY VOTE

1. The majority of the Committee recommends direct payment of rents by the commission to the landlords. This may require additional legislation. Since the U. S. Department of Health, Education and Welfare has ruled this program may jeopardize Federal Matching fund grants we recommend the adoption of a Resolution to memorialize Congress to relax the Federal Laws or regulations to permit such direct payments.

REJECTED BY MAJORITY VOTE

1. The majority voted not to recommend passage of House Bill 148 now pending in the Senate.

2. The majority of the Committee voted against the recommendation of an expanded Public Housing Program.

Respectfully submitted,

JOHN N. ERLENBORN
Chairman

RAE C. HEIPLE, II
Member

HARRIS ROWE
Member

The minority members of the Committee while agreeing with the findings and unanimous recommendations in this report will file a separate minority report.

HOUSE JOINT RESOLUTION No. 63

WHEREAS, The high and frequently excessive charges made for housing occupied by public assistance recipients, particularly in the metropolitan areas, are largely responsible for the inordinately high grants required by recipients living in such areas; and

WHEREAS, The housing accommodations provided for these high and excessive charges are sometimes severely substandard, menacing the cultural adaptation as well as the health of recipients living therein and contributing to the incidence and length of dependency upon public aid; and

WHEEAS, Many individual recipients are not in a position to bargain for reduction in the charges or improvement in the standard of the accommodations, and continued acceptance and payment of the high and excessive charges results in no material benefit to the recipient; and

WHEREAS, Other items in the assistance standard, such as utilities, may also be provided recipients at lower cost if the recipient himself is not solely responsible for bargaining for the rate of payment; therefore, be it

Resolved, By the House of Representatives of the Seventy-third General Assembly of the State of Illinois, the Senate concurring herein, that the Illinois Public Aid Commission be directed to provide for direct payment for rent, utilities, and such other items in its standard as may be indicated, where such direct payment will result in reduction in charges and costs and assist in improvement of the accommodations and services provided recipients of public aid, such action, however, to be taken only to the extent that it does not result in substantial reduction in federal grants to this State for public aid purposes; and, be it further

Resolved, That the Congress of the United States be respectfully urged to enact any and all amendments necessary to the Federal Social Security Act or other federal laws which may prevent Illinois and such other States as may have a like problem from acting as herein directed to control excessive charges to public assistance recipients and, by controlling such charges, contributing to the welfare of recipients as well as reducing the increasing costs of public assistance; and, be it further

Resolved, That a duly attested copy of this resolution be immediately transmitted by the Secretary of State of Illinois to each member of Congress from this State, the Speaker of the House of Representatives of the United States Congress, the President of the Senate of the United States Congress and to the President of the United States.

AMENDMENT No. 3

Amend printed House Bill No. 1521 on page 1, in the second line of the title by deleting the word "Section" and inserting in lieu thereof "Sections 8-3-1 and"; and

on page 1, Section 1, by deleting lines 1 and 2 and inserting in lieu thereof the following:

"Section 1. Sections 8-3-1 and 8-11-1 of the 'Illinois Municipal Code', approved May 29, 1961, are amended to read as follows:

Sec. 8-3-1. The corporate authorities may levy and collect taxes for corporate purposes. They shall do this in the following manner:

On or before the second Tuesday in September in each year, the municipalities with less than 500,000 inhabitants, and prior to March 28 in each year in municipalities containing 500,000 or more inhabitants, the corporate authorities shall ascertain the total amount of appropriations legally made for all corporate purposes to be provided for by the tax levy of that year. *From such total amount shall be deducted 1/2 of the established proceeds to be derived during the fiscal year from any tax or taxes imposed pursuant to the enactment by the municipality of additional revenue authorized by the Seventy-third General Assembly as provided in Sections 8-11-1, 8-11-3, 8-11-5 and 8-11-6 of this Code.* Then, by an ordinance specifying in detail in the manner authorized for the annual appropriation ordinance of the municipality, the purpose for which the appropriations have been made and the amount appropriated for each purpose respectively, the corporate authorities shall levy not to exceed [the total] *such reduced* amount so ascertained upon all property subject to taxation within the municipality as that property is assessed and equalized for State and County purposes for the current year.

A certified copy of this ordinance shall be filed with the county clerk of the proper county. He shall ascertain the rate per cent which, upon the full, fair cash value of all property subject to taxation within the municipality, as that property is assessed or equalized by the Department of Revenue, will produce a net amount of not less than the total amount so directed to be levied. The county clerk shall extend this tax in a separate column upon the books of the collector of State and county taxes within the municipality.

[However,] In ascertaining the rate per cent in municipalities having a population of 500,000 or more, the county clerk shall not add to the amount of the tax so levied for any purpose any amount to cover the loss and cost of collecting the tax, except in the case of amounts levied for the payment of bonded indebtedness, or interest thereon, and in the case of amounts levied for the purposes of pension funds.

Where the corporate limits of a municipality lie partly in 2 or more counties, the corporate authorities shall ascertain the total amount of all taxable property lying within the corporate limits of that municipality in each county, as the property is assessed or equalized by the Department of Revenue for the current year, and shall certify the amount of taxable property in each county within that municipality, under the seal of the municipality, to the county clerk of the county where the seat of government of that municipality is situated. That county clerk shall ascertain the rate per cent which, upon the total valuation of all property subject to

taxation within that municipality, ascertained as provided in this Section, will produce a net amount not less than the total amount directed to be levied. As soon as that rate per cent is ascertained, that clerk shall certify the rate per cent under his hand and seal of office to the county clerk of each other county wherein a portion of that municipality is situated. A county clerk to whom a rate per cent is certified shall extend the tax in a separate column upon the books of the collector of State and county taxes for his county against all property in his county within the limits of that municipality.

But in municipalities with 500,000 or more inhabitants, the aggregate amount of taxes so levied exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes levied for the payment of judgments, for which a special tax is authorized by law, and exclusive of the amounts levied for the purposes of pension funds, working cash fund, public library, municipal tuberculosis sanitarium, the propagation and preservation of community trees, and exclusive of taxes levied pursuant to Section 13 of 'The Illinois Civil Defense Act of 1951', approved July 9, 1951, as heretofore and hereafter amended, and for the general assistance for needy persons lawfully resident therein shall not exceed the estimated amount of taxes to be levied for each year for the purposes specified in Sections 8-2-2 through 8-2-5 and set forth in its annual appropriation ordinance and in any supplemental appropriation ordinance authorized by law for that year.

In municipalities with less than 500,000 inhabitants, the aggregate amount of taxes so levied for any one year, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes levied pursuant to Section 13 of 'The Illinois Civil Defense Act of 1951', approved July 9, 1951, as heretofore and hereafter amended, and exclusive of taxes authorized by this Code or other acts which by their terms provide that those taxes shall be in addition to taxes for general purposes authorized under this section, shall not exceed the rate of .333% upon the aggregate valuation of all property within the municipality subject to taxation therein, as the property is equalized or assessed by the Department of Revenue for the current year.

[However,] If the corporate authorities of a municipality with less than 500,000 inhabitants desire to levy in any one year more than .333% but not more than .4375% for general corporate purposes, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes authorized by this Code or other acts which by their terms provide that those taxes shall be in addition to taxes for general purposes authorized under this section, the corporate authorities, by ordinance, stating the per cent so desired, and the number of years not to exceed 5 that the additional amount may be levied, may submit a proposition for the additional amount to the electors of that municipality at any general or special election. If, at that election, a majority of the votes cast at the election are in favor of the proposition, the corporate authorities of that municipality, for the number of years stated in the proposition, may levy annually for general corporate purposes, exclusive of the amount levied for the payment of bonded indebtedness, or interest thereon, and exclusive of taxes authorized by this Code or other acts which by their terms provide that those taxes are in addition to taxes for general purposes authorized under this section, a tax in excess of .333% but not exceeding the per cent mentioned in the proposition.

This section shall not apply to municipalities operating under special charters, except as to the manner of levying and collection of taxes, as provided in Section 8-3-6.

Within the rate limitations above prescribed in this section and subject to the referendum provisions of Section 8-3-1.1, any municipality of less than 500,000 inhabitants may accumulate a surplus for building purposes which, when added to

the total indebtedness of such municipality, does not exceed 5% of the equalized assessed valuation of all taxable property in the municipality.

This Section 8-3-1 is subject to the provisions of The General Revenue Law of Illinois."
